

Richard Parisotto

Anson, Hindon and Minden clerk resigns

The Clerk-Administrator of the Townships of Anson, Hindon and Minden, Mr. Richard Parisotto, has announced his resignation from the Municipal Staff effective at the end of this year.

Mr. Parisotto, who was appointed Clerk of the Municipality in May, 1970, assumed the duties formerly held by the Late Gordon Bibby. In addition to his Clerk's duties and Treasurer's duties, he also held the position of Secretary-Treasurer's and Member of the Minden Recreation Committee, The Community Centre Board of Management and the Minden Cemetery Board.

During his tenure in Minden, Mr. Parisotto was President of Minden Minor Hockey association for two years when we had no arena in the Village, Vice-President of the Haliburton Highlands Chamber of Commerce, Chairman of the Fund-Raising Committee for the new Community Centre and at present was in his second year as President of the Minden Agricultural Society.

Mr. Parisotto will assume

his new duties as Clerk-Treasurer of the Town of Capreol as of January 2, 1975. His wife, Isabel, now the President of the Minden Figure Skating Club, and their three children, Douglas, Ruth and Patricia will continue to live in Minden until the end of the school year in June, 1975.

Gooderham telephone rates up

Basic telephone rates will go up in the Gooderham exchange this month, Ken Witherden, Bell Canada manager in this area, said Monday.

This is because the number of phones in the local calling area of the exchange has outgrown the present rate group.

The increase, ordered by the Canadian Transport Commission in September, will bring rates into line with those charged in other exchanges with a similar number of phones.

For example, the monthly rate for two-party residence service will be 30 cents higher each month, and the private line residence service 30 cents higher.

As required, Bell notified the CTC earlier this year that the number of phones in the Gooderham exchange's local calling area had exceeded -- by more than 5 per cent -- the maximum number of phones in its present rate group.

Rates for any exchange are governed by the number of phones in its local calling area.

This is in recognition of the principle that the value of service to each customer increases as the number of phones increase, Mr. Witherden said.

Municipal government nominations open today

The preliminaries are over and now it's time to prepare for the main bout. For weeks now we have been listening to rumors of who might be running for the various positions on council and school boards throughout Haliburton County.

The talking is over and now it's up to the candidates to put their names down and let us get the campaigns underway.

Beginning today Thursday November 7 at the hour of 9 o'clock a.m. and running through until Tuesday November 12 at the closing time of 5 o'clock p.m. will be the time allotted for the purpose of nominating fit and proper persons for the various offices of Reeve, Deputy Reeve, Councillors and school board trustees.

During this period nomination papers may be filed in the office of the clerks, throughout the various municipalities in Haliburton County.

A person may be nominated as a candidate for an office by filing in the office of the clerk, during the normal office hours of the clerk within the period in which nominations may be filed, a nomination paper in prescribed form which shall be signed by at least ten electors whose names are entered in the polling lists of electors entitled to vote in an election to such office.

Nominations meetings are a thing of the past and Meet The Candidates Nights don't seem to be very popular either. Two years ago one was held at Haliburton and there weren't enough people in attendance to turn on the lights.

mance we think that everyone would have to agree that it isn't.

It seems to us that attendance at the theatre seems to be down every year.

Hallowe'en night quiet in Haliburton County

Hallowe'en night throughout Haliburton County saw most citizens taking a fairly respectable course of action with the most serious reports being damaged mail boxes in rural areas.

In the village of Haliburton although no serious damage took place we have been hearing reports that several residents are upset at vandalism around their homes.

Provincial Police at Minden report there was a small fire at the Minden dump about 7:30 p.m., however they are not certain it was a Hallowe'en prank as it may have just been residents disposing of their garbage.

The window of one store in Minden remained undamaged when a balloon full of

water was thrown at it, the balloon broke resulting in the window merely being drenched with water.

Mail boxes in the Minden area, as in most rural areas, were damaged however, police report that no violent behaviour occurred.

There was one report by an unknown source that a person was hanging in a tree

near Kinmount, however a check by the Coboconk detachment of the OPP revealed that it was merely a prank involving a dummy.

Minden report one car fire at Gooderham around 11:50 p.m. but again do not necessarily connect the incident with Hallowe'en pranksters as there was an apparent malfunction in the vehicle.

Coboconk OPP report that two small fires were set on a street in Burnt River and a barricade placed across the roadway in the same community.

Some incidents of the usual heavy window soaping, particularly at the school in Dorset, are reported throughout that area.

Rotary Club's Hallowe'en show flops

The Rotary Club of Haliburton's Big Hallowe'en show held at the Molou Theatre at Haliburton last Thursday night was anything but big.

Only forty children took time out from the other

Hallowe'en festivities to attend the show at the Molou. One would have to be quite an optimist to say that the show was a success. Even such a good show as The Brothers Grimm which was presented on the screen

and costume judging didn't attract the children.

Each year after every Hallowe'en show is over the Rotary Club members wonder if it's all worth the time and money. After last Thursday nights perfor-

mance we think that everyone would have to agree that it isn't.

Haliburton Deer Hunters Federation

Newly formed association could perform useful services

The newly-formed Haliburton Deer Hunters Federation could perform useful services and provide valuable data beneficial to sportsmen and government.

But in order to become effective, it must muster more support from the hunting fraternity.

One gem of a suggestion was the establishing of temporary dog pounds during the deer season. That would mean that those who find a hound would know where to take it and those

who lost one would know the first place to look.

The Ontario Provincial Police (OPP) would welcome the assistance which could be provided by such a representative body. An OPP spokesman explained: "We receive a number of calls asking us to find a hunter concerning an urgent family matter. All too often the folks at home know only that he is hunting somewhere in Haliburton."

The federation could provide the police with a list of camps, names of members and the best means of access.

The Ministry of Natural Resources will welcome suggestions from the spokesman for the organized camps on ways to improve the quality of the hunting and the quality of the hunting experience.

Outside hunting pressure is the biggest bugbear confronting the camps and is the prime reason they are attempting to band together into a federation.

Whereas no more permits are being issued to those wishing to establish a hunting camp on crown land, the number of hunters is on the rise. Increasing numbers are hunting out of cars, cottages and motels. Members of organized camps are finding their traditional stands occupied when they

arrive in the morning and more and more day hunters are wandering into camp territory.

In the case of crown lands, the interlopers do have a legal, but not moral, right to be there. Confrontations are becoming more commonplace.

One member of the federation has come up with an idea which could solve the problem. He proposes 7-day licences, with organized camps hunting one week and

day hunters the other.

The defining of a camp would be a tricky task. Sportsmen who conclave annually to hunt from a cottage are members of a camp just as surely as those shantied deep in the woods.

It seems the fairest and surest solution to the problem might be best found at a meeting attended by the federation and day hunters, many of whom are local residents or cottagers. It could avert what appears to

be a collision course.

Most of those attending last Saturday's session felt that today's deer hunting falls far short of the good old days. Some blamed moose, but the majority pointed the finger at the wolf.

Strangely, nobody cited the most obvious culprit of them all - the habitat. Less lumbering and improved forest fire fighting techni-

ques have made the range far less suited for whitetails than it was in yesteryear.

A ministry game management expert points out that changes in habitat occur so slowly and are so subtle they often escape notice.

The Haliburton Deer Hunters Federation may be contacted c/o West Guilford Post Office, West Guilford, Ont.

Savage heads team in Honduras

Lieut William Savage of the Salvation Army in Haliburton has been chosen to head up an emergency medical relief team being sent by the Salvation Army to Honduras, a Central American country recently devastated by floods.

Lieut Savage who is also a registered nurse, will be leaving from Toronto on November 12, 1974. The Salvation Army in Canada has set up a temporary hospital and clinic in a remote area of Honduras, and it is here that Lieut Savage will be working.

Haliburton teachers receive degrees

More than 450 students received degrees in arts, science, music, business and economics, social work and theology during the fall convocation of Wilfred Laurier University, Waterloo which was held on Sunday, November 3 at the

Kitchener Memorial Arena. General B.A. degrees went to the following Haliburton County teachers: Audrey Chambers, Minden; Richard Fielding, Haliburton; Roy Hoare, Tory Hill and Charles Huges, Wilberforce.

Presiding was the university's chancellor, the Hon. Paul Martin, the recently named high commissioner to the United Kingdom. Mr. Martin will continue his term as the University's chancellor despite his move to England.

Ranger unit to start in Highland District

The 1974-75 season for Brownies and Girl Guides is into full swing again in Highland District. There were two big evenings held in June, one in Haliburton at which about 26 girls were enrolled into Girl Guides, and one in Wilberforce at which about 22 girls were enrolled as Brownies of the 1st Wilberforce Pack.

Already, in this new season, Wilberforce has held an enrollment at which 19 girls were enrolled into 1st Wilberforce Guide Company, and 1st Haliburton Pack just recently enrolled 22 girls into their Brownie Pack. West Guilford Guide Company, and Brownie Pack, both hope to hold enrollments in the near

future.

Minden and Carnarvon have had Girl Guides and Brownies there for a few years so their Packs and Companies are well established. Now, in Highland District, there are approximately 211 girls and 25 leaders involved in Brownies and Guides. The girls are all in the age groups of 7 - 9 and 10 - 14 years. The response has been overwhelming, as this outlet for young girls has been long overdue.

Now it's time to do something for the next age group. So Highland District is "Calling All Girls" between the age of 14 and 18 years if you are in Grade 9 through 13 Highland District is going to have a big Ranger Unit. There is at present, a very small unit at Carnarvon, with only six young ladies registered, but all leaders feel that there are many more young ladies in the district who would like to be involved in useful activities, meet new friends, fill the boring hours, and have a lot of fun, all at the same time.

The invitation is open to girls residing in and around Minden, Carnarvon, West Guilford, Haliburton, Gooderham, Tory Hill, Wilberforce, Harcourt, Highland Grove, and any other place in the vicinity that hasn't been mentioned. We want to hear from you.

For further details about being a Ranger, please contact Mrs. Evelyn Brooks at 457-1275 or Mrs. Alice Chambers at 489-2219, by Nov. 22. Girls do not have to have been a Brownie or a

Guide to be a Ranger. There are a good number of Girl Guides in the District now who were never Brownies. So Ranger-aged young ladies, please let us hear from you.

OPP report

Collisions cause damage

A collision early Thursday afternoon in Minden between a half-ton truck and a car caused an estimated \$500 damage to each vehicle while the drivers escaped injury.

Minden OPP report the mishap occurred about 1:15 p.m. at the intersection of Prince and St. Germain Streets in Minden when a vehicle driven by John Y. Harrison, age 63, of Minden, northbound on St. Germain Street, collided with the right side of an eastbound vehicle on Prince Street, driven by Patricia G. Burk, age 50, of Lochlin, Ontario. No injuries were reported in the mishap investigated by Provincial Constable W. F. Devereaux.

A collision occurred at Haliburton on Sunday, November 3 at 3:00 p.m. on Maple Avenue when a vehicle driven by Thomas E. Murray, age 54 of 5 Frater Ave. Toronto was southbound and a vehicle driven by Walter Morrison, age 66

of Eagle Lake was northbound. The Murray vehicle struck the Morrison vehicle on the left side. Damage was estimated at \$150.00 to the Murray vehicle and \$250.00 to the Morrison vehicle.

Thomas Murray has been charged with "Fail to share roadway" 98(1) HTA.

The accident was investigated by Provincial Constable W. G. Popp of the Minden Detachment of the OPP.

Library course

Eighteen librarians and staff attended a workshop at County Library Headquarters on Wednesday October 30/74.

Jeanne Sears, from Minden and Margaret Pickens, from Gooderham gave a resume of the Library Training Course they attended near Barrie.

Their enthusiasm and interesting comments gave the audience an idea of the varied and worthwhile subjects discussed.

Team prepares for opener

The Haliburton Travelways Huskies are working out regularly at the Haliburton Arena in preparation for the opening of the Central Ontario Junior "D" hockey schedule.

The officials of the club told the Echo this week that they will once again be coming up with a top notch team and one that should supply the local hockey fans with plenty of action and excitement. The team has lost a few of last years players but management is hopeful that the newcomers will fit into the organization.

The first home game for the Juniors will be on Saturday, November 16 when Little Britain will be here for the Huskies home opener. Game time as usual will be at 8:00 p.m.

The Huskies are trying to arrange a few exhibition games to keep them in

tip-top shape before the regular schedule gets underway.

Plan now to be a Huskies booster this season by getting out to the games and cheering the team on to victory.

Huskies lose exhibition

The Haliburton Travelways Huskies lost their first exhibition hockey game of the season on Sunday when they dropped a 5 - 3 decision at the hands of the Bancroft Jets at Bancroft.

This coming Saturday night, November 2, the two teams will meet at the Haliburton Arena for the second game in their home and home series. Game time will be 8:00 p.m.

Come on out and cheer the Huskies on to victory.

haliburton Highlights

In a recent column in our newspaper we were trying to get information on how a person could obtain a Senior Citizens Identification Card. We have been informed that if you are on Supplementary Benefit you make application to Canadian Government c/o Old Age Security - P.O. Box 6000 Postal Station Q, Toronto 7, Ontario. If you are not and you want a reduction in transportation, carry your birth certificate with you for bus or train travel.

The October meeting of the Haliburton County Social Planning Council took place at the Browndale School at Eagle Lake on Thursday, October 31. The speaker was Mr. Norman Cooper, Executive director of Kawartha Youth Inc.

At a recent meeting of the Haliburton County Ministerial Association an election of officers took place. Lt. Wm. Savage of the Salvation Army was elected chairman, and Rev. Don Nicholson of the United Church was elected Secretary-Treasurer.

The young students in the lower grades at Victoria Street School in Haliburton instead of having their annual Hallowe'en party this year took up a collection for the Glen Hie family whose home on Mountain Street burned to the ground recently.

It's hunting season once again and we say welcome to all of the visiting hunters who will be visiting our village during the next two weeks.

Gerald Barry of Haliburton told the Echo this week that he will definitely be a candidate for the position of deputy reeve in the forthcoming municipal election in the Municipality of Dysart et al.

Red Cross Hospital patients

Patients at the Red Cross Hospital in Haliburton this week are as follows.

Mr. Elwin Robertson, Haliburton; Mr. Orval Austin, Haliburton; Mr. Robert Vickery, Haliburton; Mr. Albert Carpenter, R.R. # 1, Minden; Mr. Edward Sanderson, Wilberforce; Mrs. Mary Woods, Tory Hill; Mr. Thomas Riel, Gooderham; Mrs. Minnie Poulson, Kinmount.

1874

COUNTY... where life is living - for everyone

News Letter

The power was off in Haliburton during the early hours of Monday October 29 and it was off again for awhile on Tuesday afternoon while repairs were being made by the employees of Ontario Hydro.

May we remind you that donations to the Braille Institute are in no way connected with the C. N. I. B. campaign. Please keep this in mind.

Some people who have moved from Toronto to Haliburton to escape the rat race find that things aren't so quiet back here after all. A woman was telling us a week ago that since she has moved to Haliburton that she is always on the go attending meetings, sporting events and social activities. It's never dull up here.

We were really pleased to see Blake Emmons singing on the Miss Canada pageant held recently in Toronto. Blake is a brother of Mrs Reg Brooks of Haliburton.

"For the past few years the amount of money being received by researchers in the medical and natural sciences have remained constant or in some cases even declined," said Dr. Richard Spratley, research administrator in the University of British Columbia President's office.

The Minden Monarchs Intermediate hockey club are starting to get a good following of fans. Although the team has got off to a shaky start we are looking forward to big things from them in the future. Local hockey fans who attend the home games at the Minden Arena will be in for some great hockey action as the Minden Arena will be in for some great hockey action as the Minden club is in a tough league and every team they meet will be hard to handle. It's good to see so many Haliburton players on the team.

The Haliburton Junior Travelways Huskies are arranging a home-and-home series with Bancroft before the regular schedule gets underway.

During hunting season may we remind all hunters to keep off private property unless they have permission from the owners.

A slow-moving vehicle on a high-speed highway should be an automatic danger signal to a driver approaching from the rear. Keep an eye open for a side road, warns the Ontario Safety League. And never pass such a vehicle until you warn him of your intention and it is clearly safe to pass.

Christmas is less than two months away so we can expect plenty of excitement from here on in as far as business is concerned.

This Monday November 11 is Remembrance Day, a day when we pause to remember all those who have given their lives so that we may live in peace in a democratic society.

The excruciating pain of gout can finally be controlled through medical research. Perhaps only a person who has actually experienced it can fully appreciate the great medical victory over gout achieved in the past decades. New drugs are now available which not only control attacks of gout, but can prevent them, says The Canadian Arthritis Society.

Delegates from snowmobile clubs in Central Ontario met in the Rock Haven Motel at Peterborough October 29, with representatives of the Ontario Society for Crippled Children, the Peterborough Rotary Easter Seals Club, and the co-ordinator of the Whipper Watson Snowerama, to discuss the concepts of a plan to help raise urgently needed funds for the Society's extensive research program.

Snowerama '74, held last year on Lake Simcoe, netted \$54,000 for the cause. Nearly 700 snowmobilers took part in the 100-mile event. This year's campaign will be extended to eleven other snowmobiling centres, with the Peterborough division taking in an area roughly bounded by Haliburton, Port Perry, Cobourg and Campbellford.

The basic concept of the plan is to establish a 100-mile course in each division, in a location where snow is a certainty and lake ice is sure to be safe; each participant in the ride to solicit and collect pledges to the Society for Crippled Children (in the manner of a Walkathon) to be honoured upon his successful completion of the ride; the net proceeds to be divided equally between the Ontario headquarters of the Society and the various Easter Seals Clubs within the region. As an indication of the effectiveness of this fund-raising method, Susan Brower, Snowerama co-ordinator, finished last year's ride with \$2,900 riding with her!

Here is every snowmobiler's opportunity to do something worthwhile for a very worthy cause and have a lot of fun doing it. Scheduled date of the event is Sunday, February 2, 1975.

Further meetings will be held to work out the finer details, to establish the route, and allocate the various duties of each participating organization. These meetings will be reported on here as they take place.

A Ray of Light from Queen's Park

Mr. R. Glen Hodgson M.P.P. (Victoria-Haliburton) who happened along the road just as our trail clearing operation for November 2 was winding up, stopped to discuss with us matters pertaining to our trail requirements. He informed us that the government of Ontario is finally taking action to establish a Provincial Trails Programme, and presented me with a copy of the Official Report of Legislature of Ontario Debates for October 29, 1974, which records several hours of debate on Bill 74, An Act respecting Provincial Trails.

As you should recall, the Hon. Bert Lawrence, then the Provincial Secretary for Resources Development, organized a trails symposium in June of 1973. Mr. D.M. Deacon (York Centre) in his closing remarks upon moving second reading of bill 74 said:

"Mr Speaker, it is a long time since that trails symposium was held. The need is now greater than ever, and I hope that the Provincial Secretary for Resources Development (Mr. Grossman) will follow the lead taken by his predecessor and move. His predecessor moved, and there has been a long and I think..."

Mr J. E. Stokes (Thunder Bay): Deafening silence."

Mr. Deacon: "deafening silence since the present minister took over. So, Mr. Speaker, I urge that this House approve and support this move to get an organized programme of provincial trails under way in this province."

Any provincial trails programme will of course encompass not only snowmobile trails but trails for all usages from hiking and bird watching through trail bike and dune buggy riding. Which will be perfectly O.K. as far as I'm concerned if the other users help to pay for them. In other words, if these trails are to be established and maintained with public monies, then the present exorbitant registration fee on snowmobiles is not justified

unless other trail users are proportionately assessed.

It seems that the trails programme as envisaged now in the Ontario Legislature will be a complicated matter. It has taken a long time to get around to it. It will take more time to develop it. And still more time to implement it. No one in Queen's Park, it appears, has given serious thought to the simple Quebec method. Turn 80 percent of the registration fee back to snowmobile clubs and give them a free rein with it. That would give us snowmobile trails aplenty. And who cares if hikers and horseback riders would use them in the summertime. They'd help to keep the underbrush trampled down.

Centennial Corner

HALIBURTON KAWARTHA PINE RIDGE DISTRICT HEALTH UNIT

The Provisional County of Haliburton recommended in 1965 that a joint Health Unit should be established between the Counties of Haliburton and Victoria with a resultant agreement in January 1967 for the Counties of Victoria and Haliburton Health Unit, pursuant to the provisions of The Public Health Act.

It was proposed that a more beneficial unit with greater advantages could be feasible by uniting with the United Counties of Northumberland and Durham and finally the Haliburton Kawartha Pine Ridge District Health Unit was approved by Haliburton County by-law in November, 1968 and established by Orders in Council in 1969 with the Head Office in Cobourg. The Board comprised two members appointed by the Lieutenant Governor in Council, three members appointed from the United Counties of Northumberland and Durham, two from Victoria, and one from Haliburton. A Medical Officer of Health and Business Administrator were appointed with staff working from nine offices to establish uniform services throughout the area concerning communicable disease, tuberculosis, immunization, public health nursing, audiology, and Environmental and Food Control. Mr. Gary Agnew, Reeve of Monmouth Township, was appointed representative from Haliburton County and has now held that responsibility for five years.

The Minden and Haliburton offices combined and operate from the old Red Cross Hospital in the community of Haliburton (listed under 'Health Unit' in the telephone directory). Expanded services now comprise under the Public Health Nursing category - Nutrition and Diet Counselling, Prenatal Classes, Health Education, Referral to Local Community Resources, School Health Services, and Communicable Disease Investigation. Public Health Inspectors are responsible for water supplies, lot and sewage disposal installations, food premises, recreation areas, communicable disease control, sanitation of public establishments, and other related services. A comprehensive programme of Preventative Dental Services has also been instituted.

Operational costs are billed from the Head Office of the Unit in proportion to population, and the approved amount is included in the County budget for these services provided for the benefit and protection of the people of the County.

COMING CENTENNIAL EVENTS:

Wednesday, November 13th - 2:00 p.m. - Hyland Crest Centennial Christmas Bazaar and Tea.

No more handouts

There'll be no additional provincial handouts for municipalities this coming year, Ontario Treasurer John White has warned.

Speaking to county wardens and regional chairman at the annual conference of the Association of Counties and Regions of Ontario, Mr. White said the Ontario government cannot match all the financial needs of the municipalities in 1974-75.

The province, he said, is passing \$2.4 billion along to the municipalities in 1974-75 -- an increase of \$250 million over the previous fiscal year -- and cannot improve on that.

Repeated increases in provincial grants over the past five years have made it possible for the municipalities to maintain a high level of services while becoming less dependent on property taxation for their revenues.

The Treasurer said municipalities expecting additional provincial help should instead adopt one or several of four measures: they can increase property taxes, borrow more money, cut their spending, or appeal to Ottawa for help.

Emphasizing cuts in expenditures as a good solution, Mr. White said: "This is the measure that must be stressed in this inflationary period ... I urge you in the strongest terms to cut all but the most essential expenditures."

Support association

It is our opinion that the Haliburton County Snowmobile Association is doing an excellent job and they should be receiving more backing than they are receiving.

The organization which now boasts a membership of more than 200 members has had its ups and downs and at times it must get very discouraging for the organizers when one considers some of the setbacks that they have had in the past.

Some of the privileges and the good trails that local as well as visiting snowmobilers have the opportunity to take advantage of just didn't happen - they are the results of hard work from this organization.

One of the members of the association was telling us recently that finances, although they are needed, is not one of the big problems of the Snowmobile Association.

The big problem seems to be the lack of manpower to help on the executive and with work on the trails and with other manpower jobs. Five members now sit on the executive at the present time, but we understand that there are openings for six other members if they would come forward and be willing to serve. So give this some thought and if you feel you have the time to sit on the executive or to help in other ways the association would only be too glad to hear from you.

Yes the Haliburton County Snowmobile Association is doing a great job and it deserves your support.

Honour soldiers

On Monday morning at the hour of 10 a.m. in the Royal Canadian Legion Auditorium, a service of Remembrance will be held to pay tribute to those brave men who laid down their lives making it possible for us to live in peace and comfort in the finest land under the sun.

Is it asking too much of the citizens of this area to pause on Monday morning for an hour to participate in this act of Remembrance.

Following the service at the Legion a parade led by the Haliburton Legion Pipe and Drums will make its way to the Cenotaph on Highland Street for the laying of wreaths and the act of remembrance at 11 a.m. Everyone is invited to take part in these services.

In the evening a Remembrance Day dinner will be held in the Royal Canadian Legion for Legionnaires and their wives and/or friend.

Letters to the editor

To the Editor:

I note with concern, your comment in the Echo "News Letter" of October 24, which stated that "Real Estate Sales in the County are hitting a low ebb".

As manager of two Real Estate Offices in the County, I wish to point out that our Company's sales volume, this year, will reach or exceed 5½ million dollars. This represents an increase in excess of one million dollars over last years' volume.

In the past, most vacation property in the Highlands was limited to summer use only. For many reasons, this has not been the case for several years. As a result, Real Estate is trading in the County at an active pace, throughout the year. It is my very strong opinion that the demand for, and the trading of, all types of property in our County will continue to increase.

Yours truly,
Lynn Craigmyle

Sir:

As an interested citizen and ratepayer within the Township of Stanhope, I read with much perturbation an unsigned letter circulated by the Hawk Lakes Property Owners' Association.

It seems to me that the policy of this association is to mislead the public with rumours, and to make accusations against the present reeve and council members of this municipality to prejudice the ratepayers. For instance, the "estimated costs" of the projects supposedly to be carried out if the present council is re-elected are grossly misleading. We are not told whose "estimates" these figures represent. I would like to know, as should all Stanhope ratepayers.

In my opinion, knowing what has been accomplished, the Council has done a tremendous job of governing this area and planning for its productive future. To do this task competently however, it must take into consideration the needs of all residents, seasonal and permanent, and realize that the problems facing the Township do not revolve

around one small cottage complex, as some people tend to believe.

It would appear that the main intent of the bulletin from the Hawk Lakes Property Owners' Association is to recommend candidates for council in the forthcoming municipal election. I maintain that the ratepayers in this area can think of themselves and logically reach a decision as to whom they should vote for, without being prompted and misled by an association that cannot, or perhaps does not wish to, distinguish fact from rumour.

Yours truly
[Mrs.] I. Adamson.

Pic of the Past

The above photo which was taken in the year 1922 shows a tractor drawing six sets of sleighs of cordwood in to the Standard Chemical plant at Donald. Each set of sleighs carried 50 cords of wood. We have been told that 50 cords were drawn into the chemical plant every twenty-four hours. The late Holly

Robertson was driving the tractor at that time and Harvey Fearrey of Haliburton is shown sitting on the cordwood on the first sleigh. Our thanks go out to Miss Rosalie Wallace of Scarborough for giving us permission to use this photo.

BILL SMILEY

A time to remember

THERE is nothing drearier, for anybody who is not one, than an "Old Sweat"; unless it is a collection of Old Sweats, exchanging cheerful lies and trying to drink Canada dry, about this time every year.

Although I'm not much for the old soldier bit, I find myself, each year, doing a lot of remembering when Remembrance Day rolls around.

Just the other day, I came across a photo that brought back a lot of memories. There we were, the two of us. Tony Frombola, grinning as though he owned the world, and looking over his shoulder, with a crop of dark hair, a huge, sweeping, handle-bar moustache, and a devilish glint in his eye, yours truly.

I think it was taken in Brussels, shortly after we "escaped" from prison camp. We didn't actually

escape. We just got sick and tired of hanging around, and left.

The blasted war had been over for about seven days, and there we were, stuck behind barbed wire. The only difference between that and the situation a month before was that the guards up in the sentry boxes were Russians, instead of Germans.

At our camp, our incarceration didn't end with the Yanks or the British rolling into the camp in jeeps, and throwing cigarettes and chocolate bars to the joyful prisoners, who wept and kissed their liberators.

We were "liberated" by the Russians. They didn't have any cigarettes to throw around, they didn't know what a chocolate bar was, and they didn't particularly want to be kissed. They threw a guard around the camp and told us to stay put. Our senior officers told us the same. They didn't want us wandering around the countryside being shot by some drunken Rooshian.

Bored silly, Tony and I decided we'd had enough of

that dump. So, about four o'clock one morning, we nipped the wires with a pair of borrowed wire-clippers, crawled several hundred feet through grass (very wet), and headed for home.

It sounds incredibly daring and fool-hardy, and it did make the heart thump a bit, but it wasn't either of those. It was just stupid.

However, we made it to the Canadian lines in three days, hitching and hiking, and a very enjoyable time we had of it. In fact, we caught a plane to Brussels, another to England, and were there about four days before the other chickens got out of the coop.

Frombola was an irrepressible character. He was a Yank, from Oakland, California, who had joined the RCAF. Most of his compatriots switched to the U.S. air force when the latter got into the war, but Tony didn't bother. He didn't bother about much of anything, except enjoying life.

He had a big, homely mug, but was a terror with the ladies. He was strong and tough and cynical and

witty.

This may be hard to believe, but this incident, which I personally witnessed, showed what he was made of.

It was August, 1944. One evening, after flying, we decided to walk down to the beach in Normandy. There was nothing of interest to do back at the wing, and the padres had cleaned up the tiny whiskey supply in the mess.

At the beach, a Liberty ship was unloading jeeps. There was a line of them, parked on the sand, guarded by two British soldiers. Tony walked up to one of them and said: "How much do you want for a jeep, buddy?" I nearly fell over.

"Five quid," responded the Limey. Tony peeled off five notes. He was always flush, as he was a gambler and a dealer. He drove the jeep away to a place of privacy, rounded up some paint, and painted RCAF roundels and the legend "Canada" on it.

He was the only lowly Flying Officer to have his own jeep during the

Normandy campaign, and he made good use of it, such as visiting field hospitals. Not to visit the sick and wounded, but to date nurses.

We came home on the same ship. He picked up five hundred dollars in the twenty-four hour crap game, lost most of it, built it back up to \$2,000. Haven't seen him since we landed, but wherever he is today, I'll bet he's rich.

Not all the memories are so pleasant, of course. Three of us shared a tent in Normandy. We were all shot down within 10 days, and I'm the only one alive.

My parents received three telegrams from the Department of National Defense. Each of them began, "We regret to inform you ..." One son was blown up by a land mine, and lost an eye. The second was missing in action. The third was shot down over the Channel. By some strange working of fate, we're all alive.

But thousands of lads aren't. Remember them.

The Argyle Syndicate Ltd.

Victoria Street School 50 years old

BIRTHDAY PARTY

Victoria Street School in Haliburton was the scene of much activity on Friday evening October 18th when the school celebrated its 50th birthday by holding open house. Many friends, former pupils and teachers and present pupils and teachers enjoyed an evening of renewing old acquaintances and making new friends. The display of old school photographs was greatly enjoyed. We wish to thank all those interested persons who loaned us pictures for this display. Mr. Ronald Curry was host for the evening at this display and was able to add interesting information for all those persons wanting to discuss the pictures further.

The Art Exhibit of the Haliburton Guild of Fine Arts displaying work of the children of our schools was assembled for us by Mrs. Carole Finn and Miss Muriel Allport. We are grateful to them for their time spent on our behalf. The ladies of our staff acted as hostesses and served cookies.

Mr. Ray Johnson, our new male staff member and music teacher presented an hour of taped music by our pupils. This tape accompanied a slide presentation of our school activities since it became a primary school in 1972.

A special thank you to our Board office staff and Roy and Marilyn Boughner for the gifts which made our front hall a welcome place for friends to meet and to Agnes and Monty Pearsell for the anniversary cake.

The success of the evening depended on the support of the parents and friends of our community. We would like to thank all those who attended and really made our birthday a happy one.

The staff of Victoria Street School welcomed all guests at the party. From left to right Mr. Ray Johnson, Mrs. Frances Elstone, Mrs. Bernice Elstone, Mrs. Ruth Gorrie, Mrs. Guta Kellett, Mrs. Bonnie Walling, Miss Doris Chambers, Mrs. Gwenyth Hughes and Mrs. Dorothy Black. Absent when the photo was taken were Mrs. Freda Stewart and Mrs. Maraylene Welch. PHOTO BY DAL HUBBERT

Greeting Mrs. Shipley and her daughter Cathy is Mrs. Dorothy Black, school secretary. Cathy is a pupil in Grade 3 at the school. PHOTO BY DAL HUBBERT.

A former pupil of Victoria Street, Miss Cheryl Nichols served freshie and cookies to the young visitors. Waiting for their treats are Stephanie Poole, Robert Smith, Michael Rae, Candy Finlay, Keith Smith and D'Arcy Poole. PHOTO BY DAL HUBBERT

Welcoming visitors at the front door is Mrs. Bonnie Walling, Kindergarten teacher of the school. Mrs. Robb is signing the Birthday register as her daughter, Natasha looks around at the many persons touring the school building. PHOTO BY DAL HUBBERT

Mrs. Greta Kellett pours tea for Mrs. Heather Wills, a volunteer aide at the school. Mrs. Kellett, who teaches a Grade 3 class at Victoria School, poured tea 50 years ago when the school first opened. We felt honoured to have her pour tea again for the party. PHOTO BY DAL HUBBERT.

Ontario's new credit rating system

Although the announcement of Ontario's new credit rating from Moody's Investors Service Incorporated may have been buried deep within the financial section of the newspaper, it is really of tremendous significance to every Ontario taxpayer. Moving from a Double A rating - very high in itself - to a Triple A rating is an achievement of which we may be very proud. The following statement appeared on the Dow Jones wire:

"A Moody's official said the action was taken in view of the Province's sound financial condition, its well-managed debt and its enviable sources of relatively inexpensive hydro-electric power".

In the first place, the name Moody's may not convey much to anyone outside the world of banks, bonds and international high finance. It is, however, one of two major credit ranking organizations in the United States (the other being Standard and Poor). It is obvious that their opinion - well-known for its objectivity, high degree of research and apolitical approach - proves that our financial stability is well respected in the international money markets. Therefore, our superior rating will permit us to borrow, when necessary, at lower rates than anyone else.

As an example, last week Ontario's new \$175 million

hydro issue was bought up quickly by New York investors at an interest rate of 10 1/4%. However, at the same time, Detroit Edison, which has a Baa rating, had to offer its investors an interest rate of 12 1/2%. In view of the fact that Ontario Hydro has major plans and proposed development schemes to keep abreast of the growing demand for electrical energy, this low interest rate will actually be saving money in years to come. The major expansion which is necessary will require large borrowing guaranteed by the Province of Ontario, in world money markets.

Ontario Hydro plans to raise \$350 million in New York next year - \$50 million more than this year's total.

Since Ontario has received a triple A rating, Hydro will be able to borrow its needed funds at a much lower rate of interest, thereby assuring a saving of about \$10 million to taxpayers in the next year alone.

Perhaps the major significance of this triple-A rating lies in the reference made to our "well managed debt". Opposition members may abuse the government's financial management but the evidence speaks out on our behalf. Over the past few years government services have been expanded dramatically and our budget has increased - not only to meet the necessary increase due to inflation, but also to introduce new programs and improve on existing ones.

Despite these increased costs, Ontario has managed to meet its obligations well ahead of schedule. Where a decade ago we needed nine months revenue to pay off our net debt, we now need only six months. Our

outstanding public debt has been, and is being significantly reduced.

So, despite the high increase in cost of essential services, and the need for rapid growth of grants to municipalities, Ontario has managed to actually gain ground in the struggle for economic stability.

In receiving a Triple A rating, Ontario is unique among all foreign governments going to market in New York. Our province is also placed in a unique position within the Canadian confederation. British Columbia and Alberta are classified as Double A; Saskatchewan, Manitoba, New Brunswick, Nova Scotia and Quebec are designated as A; Newfoundland has a BAA; and Prince Edward Island is not rated.

The decision of this highly respected authority has been based on the facts alone. Our Triple A rating is strong evidence of the financial security and integrity of this province.

Sir Sandford**Winter admission program expansion**

Sir Sandford Fleming College has announced an expanded winter admissions program for 1975, allowing secondary school graduates to begin a full-time college course in January or February and graduate at the same time as those who began in September, 1974.

In effect, this break from the traditional September starting date saves students a full year, and is particularly useful for January graduates of trimesterized secondary schools, according to Sir Sandford

registrar Robert Geddes.

He said Sir Sandford offered winter admission to several business and technology courses last year, and has now expanded the program to include the general and applied arts and natural resources divisions.

"Although January graduates express an interest, the winter start dates are also attractive to secondary school grads who have been on the labour market, and have decided to further their education," Mr. Geddes said.

The college started the program last year after a survey of approximately 50 Ontario secondary schools involved in the trimester system indicated such a policy could be successful.

A total of 16 students are now in their second year as a result of last year's winter admission program, Mr. Geddes said.

The business courses offered in Peterborough and Cobourg lead to specialization in accounting, marketing and data processing, while the technical areas open are civil, electro-mechanical and electronics technology, all available at Peterborough.

General and applied arts programs opened to winter admissions in Peterborough are general arts and science, and fine arts administration, both two-year courses.

The Lindsay-based natural resources division is offering cartography, farm management, geology, and heavy equipment.

While exact lengths vary, all winter admission programs will be extended a few weeks beyond the normal May termination date so students can receive necessary make-up courses, Mr. Geddes said.

When buying a 1975 car, consider 6 important facts.

Cars equipped with catalytic converters require the use of unleaded gasoline. Unleaded gasoline is not readily available. However, all Ford of Canada carlines have been engineered without catalytic converters and can run on any gasoline — regular, premium or unleaded. Read the full story:

1 Cars equipped with catalytic converters require the use of unleaded gasoline.

In order to meet the new Canadian exhaust emission standards, some 1975 cars are equipped with a catalytic converter, which is an emission control device that requires the use of more expensive unleaded gasoline.

2 Unleaded gasoline is not readily available.

Although unleaded gasoline may be available at up to 40% of gasoline stations in some major urban centres, it will be substantially less in rural areas. The Department of Industry, Trade and Commerce survey, dated June, 1974, states that on a national basis, unleaded gasoline will not be available at 8 out of 10 stations in Canada, as of October 1, 1974.

3 Government sources had this to say regarding 1975-1976 Canadian emission control standards.

"The Federal Government plans to require emission controls for 1975-model cars in Canada that will produce a further reduction of 5% in exhaust emissions but will neither require use of catalytic converters nor result in any further reduction in fuel economy."

"The new proposed Canadian 1975 automobile emission standards, while they will be more stringent than the present 1973 standards, will not be as stringent as the proposed U.S. 1975 standards."

"The proposed 1975 standards for Canada will not require use of any catalytic converters."

"The federal announcement yesterday said that the 1975 Canadian emission standards 'can be accomplished by the use of such devices as early fuel evaporation, electronic ignitions, and improved carburetors'."

"If catalytic converters are not required on Canadian cars there will be less of a demand for unleaded gasoline in Canada."

— From a news report published in The Globe & Mail, July 20, 1973.

The Ministry of Transport has stated "that the Ministry intends to enforce in the year 1976, the same automobile exhaust emission standards as are being established for 1975."

— Excerpt from a Department of Transport letter to the Motor Vehicle Manufacturers Association, dated February 20, 1974.

4 All Ford of Canada carlines have been engineered to run on any gasoline and meet the new 1975 Canadian emission control standards without requiring catalytic converters.

There's a significant difference between Canada and the United States in exhaust emission standards for 1975 cars.

The Canadian Government decided to adopt more reasonable emission standards than those in the United States, which meant that catalytic converters were not necessary to meet the Canadian standards.

So for 1975, Ford of Canada decided not to follow suit with Ford in the United States — although it would have been much easier (and less costly) to do so.

Ford of Canada's decision to minimize the need for catalytic converters in Canada shows our real concern for you, the motorist.

We decided to offer cars without catalytic converters because a) a catalytic converter could be an extra expense for you, b) the unleaded fuel that's required for catalytic converters is in limited supply in Canada, and, c) unleaded gasoline is more expensive than the lower priced regular.

Now in order to meet the 1975 Canadian exhaust emission standards, without the use of catalytic converters, Ford of Canada invested over \$1 million in an extensive program involving significant engineering changes, additional complexity in our assembly plants and other special programs.

The result is that all engines (with the exception of one — the optional 2.8 litre V6), for all 1975 lines of Ford of Canada cars, meet the standards, without requiring catalytic converters, and do so while running on any gasoline — unleaded, premium or the lower priced regular.

Ford of Canada feels that this will mean a lot to motorists who are not able to find unleaded gasoline in their normal driving and fuel-shopping patterns. Particularly, those who live in rural areas, or are travelling to the cottage or ski slopes — where unleaded gasoline availability is substantially less than major urban centres.

5 These "Economy Extenders" have been engineered into every 1975 Ford and Mercury carline.

In addition to the convenience of being able to use any gasoline, anywhere, a number of features, which we call "Economy Extenders", have been engineered into every 1975 Ford of Canada carline. These include: • Solid state ignition that eliminates the points and condenser and improves fuel economy over long periods due to a more stable spark plug performance • Improved engine tuning on many engines which results in better fuel economy and performance • Optimized rear axle ratios that contribute to less engine wear and lower fuel consumption by proper matching to load and use requirements • Steel-belted radial tires that extend tread life and reduce rolling friction for better gas mileage.

In addition, extended service intervals contribute to reduced maintenance requirements, and therefore, lower operating costs.

6 Right now, Ford and Mercury dealers can give fast delivery on cars in stock which run on any gasoline — unleaded, premium or the lower priced regular.

Ford and Mercury dealers can give you fast delivery of a new 1975 car from the large stock they have on hand right now. We're sure there's the model you want, in the colour you want, equipped with the options you want to meet your personal needs. And no matter where you are in Canada or wherever you're going, you can use the gasoline that's available: unleaded, premium or the lower priced regular.

When you choose from a 1975 Ford or Mercury carline, it's nice to know you can settle for any gasoline, anywhere.

Buying or leasing - Right now you can select a 1975 car from stock at your Ford or Mercury dealer which will run on any gasoline.

Obituary

Norman Clarke McPhail

Norman (Nubby) Clarke McPhail died October 31 at the Misericordia Hospital.

Mr. McPhail was born in Bothwell, Ont., on January 30, 1912. As a young man he spent nine years with the Bank of Montreal, serving the bank in several branches in rural Ontario.

In 1936 he joined the London Life Insurance Co. in Windsor, Ont., and served as manager in several branches of the London Life and in 1951 was transferred to the Winnipeg South Branch.

Nearly nine years ago, due to ill health he was compelled to accept early retirement. In his younger days he was quite athletic with baseball being his favorite sport, but was very fond of hunting. He was a member of the Life Underwriters Association and at the time of his death was a life member of that association.

He is survived by his loving wife, Volda, and one son and two daughters, Jon Alexander McPhail of Oklahoma City, Betty-Lou Phillips of Windsor, Ont.,

and Dianne Melynychuk of Winnipeg, seven grandchildren, Jill, Jeff, and Jay Melynychuk, Kim and Kelly McPhail, and Christopher and Douglas Phillips. Two brothers Howard and Harry of Windsor, Ont.

He was predeceased by his parents, and one brother. Funeral service was held

in the Thomson Funeral Chapels, Saturday, November 2 at 2:00 p.m., The Rev. Donald E. Pratt officiating, after which remains were forwarded to Haliburton, Ont., for graveside service and interment in the family plot, Evergreen Cemetery on Monday, November 4, at 10:00 a.m. The Rev. Donald M. Nicholson of the Haliburton United Church officiated.

The pallbearers, all of Haliburton, were Ron Curry, Cec. Roberts, Jack Robertson, Glenn Austin, Roy Brohm, Wes Baker.

By request no flowers, but in lieu thereof, donations may be made to the Manitoba Heart Foundation, 313-352 Donald St.

What happens if you get sick or have an accident while you're travelling?

This is what Ontario is doing to protect you away from home.

1. Know what benefits OHIP provides before you leave home.
2. If you consider that your OHIP coverage may be insufficient, you can obtain supplementary coverage from private insurers for out of province charges.
3. Always carry your OHIP card with you.
4. In a financial emergency, ask the hospital to phone or write OHIP to confirm your coverage.

Remember, you will usually have to make payment on the spot for treatment outside Ontario. But OHIP will reimburse you for insured services if you submit itemized receipts within 6 months of the date of service.

Describe why you were outside of Ontario - vacation, business, etc. - and provide complete personal information plus details of the medical or hospital service performed. Include name and address of physician, hospital, fee for each service and dates. And always state your OHIP number.

A free booklet called "The Traveller's Guide to the Ontario Health Insurance Plan" explains everything you need to know.

Copies are available at government offices and travel agencies. Or write to:

Halls Lake news

Church services at St. Stephen's Church will remain at 3 p.m. each Sunday afternoon. The Rev. Douglas Brown assisted by Mr. Lloyd Johnson conducted Sunday's service.

The Voters' List for Stanhope Township has been posted on the outside door at Club 35 so that people in this area might check to see if their names are listed on it properly.

The Boutique Sale in the auditorium of Hyland Crest Home last Wednesday was not too well supported, but realized over \$100.00 toward shopping for Christmas for the residents, which is a big help. Thanks to all those who brought in garments and who turned out to shop at the sale, and to those who assisted in manning the various tables and racks of garments.

Several people from Hall's Lake enjoyed the 30th Anniversary Party on Saturday evening at the Community Centre in Minden for our Reeve, Mr and Mrs Sinc. Nesbitt. Their daughter Wendy and son Leroy planned it for a surprise and it was certainly

well attended, and the music was good for dancing. We understand the U.C.W. of Minden made the sandwiches and they were delicious. Congratulations to Loretta and Sinclair on the occasion of their 30th Anniversary!

Mr Clarence Brooks of the Hawk Lake Road reports having seen a wolf right in front of his home one morning last week.

Mr and Mrs Ferris have moved into their Winterized home here at the lake.

having retired from positions in Toronto. Mr and Mrs Lindsay have also retired to a home here.

Mr Vernus Packard and Mrs Marion Stoughton were married in a quiet ceremony at Mr Packard's home on the Hawk Lake Road on September 14 by Lieutenant Savage of the Salvation Army in Haliburton. Mrs Penny Googh and Mr Richard Pockett were the two attendants. Mrs Stoughton has two fairly young children going to school, and Mr Packard has three sons and a daughter.

Next weekend the hunters will be arriving for their yearly adventure. Thurst-

on's camp will still be in operation and Mr Thurston from Bobcaygeon was here over the weekend preparing his camp and visiting his friend Edwin Hewitt.

It is interesting to note that an unsigned letter received by certain parties in connection with topics which should be of interest to everyone is being circulated containing names of would-be candidates in our forthcoming election. We think a review should be made of the work done by the council now in power and a study made of the figures quoted in that letter before they are taken too seriously. It is an easy matter to sit in on meetings and talk of what should be done but it is another thing to follow through.

Graduate has 95% chance of employment

A typical graduate of a post-secondary program at Sir Sandford Fleming College this year had a 95 per cent chance of being employed, and had a starting salary of about \$7,500, according to college placement statistics released this week.

The Lindsay-based natural resources division had the highest placement rate at 98 per cent, and showed the best average salary at \$8,184.

The highest starting salary across the College was \$13,000, reported by a heavy equipment technician graduate also from the natural resources division.

Of the 508 who graduated from Sir Sandford in May, 410 were listed as seeking employment at that time. The current report shows only 19 still without permanent employment.

Almost half of the students who did not enter

the labour market had decided to continue their education at Sir Sandford or another College, and 14 decided on university or other forms of education. The remaining 33 students did not seek employment because of travel plans, marriage, or other reasons, the report showed.

Of the employed graduates, 354 are involved in fields directly related to their training, while 37 are not.

Minden News

Some people have left our county for a winter in the south, included are Mr and Mrs L. Prentice, Mr and Mrs M. Prentice, and Mr and Mrs Ro Redgers and Mrs J. Hounsell.

Mr and Mrs Dave Titus and family of Stouffville spent the weekend with Mr and Mrs Bob Hughes.

Mrs Roger Austen was the recipient of a baby shower recently at the Nelson Austen's at Brady's Lake.

All the community joins in good wishes to Mr Henry Duckworth on the 9th of this month when he celebrates his 95th birthday.

At the Mini Card Party at

the Parish Hall last Thursday afternoon winners were for bridge Mrs Shuzler, for cribbage Diane Stevens and Lilian Davidson and for euchre Shirley Elcome and Lydia Coulter.

All their friends send good wishes to Mrs Ada Allcorn at Civic Hospital Peterborough, to Loyne Cox at Toronto General, to Miss S. Laine at St Josephs, Peterborough, to Mrs. L. Rowe at Scarborough Centennary, to Yvonne Beaucage at Ross Memorial, and to Mrs Floyd Hall and Charlie Rumbleau at the local hospital.

Once again hunters may turn in moose or deer hides

at Ministry of Natural Resources office and here participate in a draw or receive a handy angler's tool, depending on where this is turned in. The hides are used by the Indians for their native crafts.

At the L.O.B.A. Card Party last Monday night winners were for cribbage Mary Cox, for euchre Cassie Legge, Greta Alsop, Robert Wright and Bob Vick with Vera Fuller taking the Lone Hand Prize. After the games all enjoyed a social half-hour and the delicious lunch served by the ladies.

A new arrival is Deborah Ann, first grand daughter

for Mr and Mrs Ern Hewitt and Mr and Mrs Gordon Couper and first child of Margaret and Fred Hewitt.

Glen Sears, Louise, Bernice and Allen of Toronto were weekend guests with his parents Mr and Mrs M. Sears.

Gerald Coulter of Toronto was a weekend guest with his parents Mr and Mrs Angus Coulter.

There may be Story Time at Minden Library, starting Friday morning November 15 between 10 and eleven if there are enough people request this. Just phone the library afternoons from 3 - 5 this week at 286-2491.

Mrs Dolly Wilson and Mrs J. Graham are home again - glad they are both feeling better.

December 8, Bible Sunday

BIBLE SUNDAY editorial by Dr. Kenneth G. McMillan, General Secretary of the Canadian Bible Society. **BIBLE SUNDAY** this year is on Sunday, December 8. **THE BOOK THAT MAKES A DIFFERENCE!**

Fatalistic pronouncements are in the air. Statesmen, news analysts, and scientists have donned the garb of prophets of doom. Their predictions were underlined when scientists this year turned back the hands of the "doomsday clock" indicating their conviction that mankind dallied on the brink of global holocaust. A popular book is entitled "The Coming Dark Age."

More frightening than the predictions is the apparent sense of helplessness and inevitability that is in the air. The consensus seems to be that nothing can be done to avert planetary disaster. That fatalism might be justified if men were robots or mechanistic beings incapable of change. In that case, nothing could make a difference.

But are we prepared to sit elical Revival of the eighteenth century saved England from a bloody rerun of the French Revolution across the channel. John Wesley, one of the leaders of the revival, described himself as "a man of one Book", and he spread the teachings of the Bible throughout Britain.

The Book made a

difference.

On a smaller scale, a nineteenth century Canadian Presbyterian missionary witnessed a similar spiritual transformation. John Geddie on our hands and accept the inevitability of imminent extinction?

Mankind has faced crises before and has seen deliverance. That deliverance has usually come as the consequence of a spiritual movement that has either touched multitudes of people or has touched key leaders.

Central to many of those life-changing and history-making movements has been the Bible. It has proven to be the Book that makes a difference.

The historian W.E.H. Lecky and others have contended that the Evang-

went to the South Seas to share the Good News of God with the people of the islands. He translated portions of the Bible into native languages and devoted himself to spreading its message. At his death, the islanders reared a monument to him and simply, but eloquently, described the change that had come to their homes:

When he landed in 1848 There were no Christians here.

And when he left in 1872 There were no heathen.

The Book made a difference.

Chairman Mao's little Red Book has demonstrated in our own time the power of a book.

The Bible, the Book of peace that speaks the message of God to our troubled times, is needed as

never before around the world. As people accept its message, society is changed for the better.

As decision-makers are touched by its message, the direction of human history is changed.

It's a Book that makes a difference.

The Canadian Bible Society and 55 other national Bible Societies team up around the world in a global crusade to make the Bible available to people of every nation, color and creed. They need millions of dollars to translate, publish and distribute the Scriptures.

Sunday, December 8, is Bible Sunday. Canadians of all churches will be observing this day which spotlights the global crusade to change human history through the Book that makes a difference.

Haliburton Lumber & Enterprises Ltd.

Phone 457-2510

Haliburton, Ont.,

Some will tell you
this card costs you
\$2⁵⁰ a month.

Surprise!

Sure you pay for a Commerce Key Account. But with what you pay now for personal cheques alone, it's not going to be any \$2.50 extra.

Think of it. If you write just ten personal cheques a month, at 14¢ a cheque you can spend \$1.40 right there. So the most you'd possibly pay more for a Key Account would be \$1.10.

And that soon pays for itself in benefits. Take Bankplan Loans. With a Key Account, the Commerce gives you preferred rates on most consumer loans.

Travellers' Cheques. With a Commerce Key Account, you'll never pay a service charge to get them.

You'll never be charged

for O'Canada or our new Key Account personalized cheques, using our 24-Hour Cash Dispensers, paying utility bills, purchasing money orders or domestic drafts.

A Key Account gets you a Commerce Chargex Card and overdraft protection. Plus an identification card that lets you cash your personal cheque, instantly, at any of more than 1600 Commerce branches in Canada.

Surprised?

Many are. But then, in the course of an average month, it's even more surprising how many times the need for a Key Account pops up.

BANK OF COMMERCE

Gems of Truth

PROSPER - PERISH

Most Bible readers are well acquainted with the Book of Psalms and delight in the fragrance of the truths embedded therein. The opening Psalm sets the tenure for the ones to follow and vividly describes the persecution and preservation of Israel. Two distinct personalities are to be observed in the preface Psalm namely: Christ and Antichrist. These two figures are seen operating throughout the entire Book and speak loudly for the end achieved by the same.

The "Preserver" of Israel is identified as the "blessed man", while the "persecutor" is the "ungodly one". Three things are spoken of the "blessed man" which distinguish Him from all the sons of men and proclaim Him to be no less than the

Eternal Son of God. In the first place He walks not in the counsel of the ungodly, then it says He stands not in the way of sinners. Thirdly we are informed He sitteth not in the seat of the scornful. This cannot be said of any man ever born from Adam. All those who have come from him walked in the counsel of the ungodly, following Adam's footsteps. No one could meet the challenge of the "God-Man" when He asked "which (one) of you convinceth Me of sin"? John 8:46.

Holy Writ declares that "all have sinned and come short of the glory of God", Romans 3:23, but the Lord Jesus was not included in the "all" because glory came to its full in Him. While He was judged as a sinner, the sin being imputed to Him, and made sin for us, the sin was not His own. 2

Corinthians 5:21. The seat of the scornful likewise was never the habitation of Him who lived and died apart from the world system under satanic rule. He was offered the "kingdoms of this world" by Satan but refused them and now awaits the time to take the "kingdoms of this world" from him. Revelation 11:15. Until then, these same kingdoms move forward to a gigantic and universal colossal confederation against God and against His Christ. However, it is promised that He will again bring His Son into the world to receive "His Kingdom" Hebrews 1:6. He is still the "Preserver".

How different the destiny of the ungodly one, the "Antichrist". Daniel describes him well, Daniel 2:35 and also verse four of Psalm one. His kingdom, (the present world system) is destined for demolition and Satan himself to destruction. Even though he seats himself in the "temple of God" among the very

remnant of the righteous, (Israel) he will be brought down to the pit by the brightness of His (Christ's) coming. 2 Thessalonians 2:4-8. He, the ungodly one, cannot survive the judgment. Revelation 20:10.

Truly "prosper" or "perish" is descriptive of every soul under heaven. There is no middle ground, no neutral position one can take, either we belong to the "Preserved" group or we must go with the "Perish" group. The "Preserver" is anxiously waiting for sinners to put their sin to His account and be saved. What does hinder one to do so now? Psalm, chapter one, is the way of life and the way to Life.

Minden Women's Institute

On a lovely October 16th afternoon, 23 members and four visitors gathered at the home of Mrs Lyman Cox for the regular meeting of Minden Women's Institute. The President Mrs M. Sears conducted the meeting welcoming all guests. It was decided to make a contribution to C.N.I.B.

Delegate to Central Ontario Area Convention in December is to be Mrs. L. Cox or Mrs. P. Clarke.

Due to transportation difficulties, invitations from Burnt River and Fenelon Falls branches to join with them on a bus trip to the Convention were refused.

Mrs Art Windsor Convenor of Agriculture and Canadian Industries, gave a short paper on oil and passed out pamphlets for the

ladies to take home.

The Roll Call of a "New Industry in the past 10 years" was so well answered that the ladies questioned why none of the new industries could find their way to Minden or even to Haliburton County.

A poem entitled "Tell Me" was read by Mrs. A. Pogue.

Mrs. Allan Taylor reported sending only nine cards during the time between the September and October meetings.

The November 20 meeting is to be held at Hyland Crest Home at 2 p.m. and the roll call will be "Grandmothers

Verse". Come and visit with us ladies.

A very delicious lunch was served by the hostesses during which Happy Birthday was sung to all the members having October birthdays.

WE NEED YOUR LISTINGS. YOU NEED OUR SALES

Trapping Tales

By Elmer Sawyer

MY INTRODUCTION TO TRAPPING

In early October, 1898, my father left my mother with Mrs. Clare Sisson on what was later the Chambers farm at Carnarvon, while he and Clare drove their team to the mill at Minden to have their wheat ground into flour. On Dad's return he found that in his absence, mother had delivered a pair of twins. One, of course, was me, and the other, a little girl, who through time became Mrs. Norman Harrison. She died at Maple Lake in 1939. In due time, and clad in Phrona's clothes, we returned home.

My grandfather, Jim, was a bit of a rover, and when his wife, Mary DeMill, was left to raise Ben, Henry and Louella, she trapped. Welfare assistance was unheard of, and it was trap or starve. So my father, Ben, learned early. It must have been born into us because in 1912, at 13 years, I was introduced to the Great Life. Dad, known as "Big Ben" or "B.J." and I went to Galipo Lake where we met Little Ben Sawyer and Archie Morrison.

The Mickle and Dymond

Company had a sawmill at Whitney and a camp on Galipo, and at that time were driving these waters. We went on across Rock Lake and camped about three miles to the northeast. What a thrill to see my first train! It was after dark and the train was well lit. Dad said it was part of the Trans Canada that went from Scotia Junction, north of Huntsville to Ottawa. Around 1912 and 1913 during the wheat season, as many trains as 32 a day came through this spot bringing wheat to the east. These trains ran through the northeast corner of Nightingale Township in Haliburton County.

From then on I learned what it was like to help pull a sleigh with 100 pounds of flour and other cooking necessities, a canoe, a tent and equipment. We slept in an open front tent on the snow with a fire burning outside. Often we got up in the morning to find the fire two or three feet below the tent. It might take three weeks to reach the trapping ground, and the sleigh runners sometimes wore out, but the trappers made new ones and went on.

I soon learned the cat and

THE HALIBURTON ECHO

mouse game of dodging the Park Rangers. One night we had to paddle right by their cabin and go up their portage. We watched them reading and we felt safe. Just as we got about 100 feet past the door, one fellow came out. We stood perfectly still, and after awhile he stretched, yawned and went in. If he didn't notice us, we weren't about to bother him.

Another time after dark, we were carrying down the portage just as a Ranger was throwing out his dish water. Dad got most of it. Then, he took me down to a

Ranger camp, and we watched them through the window. Dad pulled up the gun and said, "If they dare start out, I'll shoot the burner right off that coal oil lamp, and we will be in the bush before they know what's happened."

Well, the Rangers were doing their job trying to catch the trappers, and we were trying to keep out of their way. But these were anxious moments with my father, and he must have known that he was training me for later encounters of my own.

In Memoriam

ROBERTS - In loving memory of our dear sister, Lenora, who passed away October 28th, 1973.

We were not there to see you die,
To hold your hand or kiss good-bye.
But we will remember our whole lives through
The last few words we had with you.
We loved you too dearly for your memory to fade
From our lives like a dream.
Our lips need not speak when our hearts mourn sincerely
For grief often dwells where it seldom is seen.
Sadly missed and always remembered by sisters, Ruth and Rose, and brother Wallace.

In Memoriam

DUNCAN - In loving memory of a dear father, Thomas, who passed away November 10, 1953, and of a dear mother, Agnes, who passed away November 13, 1970. Memories are like threads of gold. They never tarnish or grow old. A little tribute small and tender. Just to say we still remember. Ever remembered by son Bill, daughter-in-law Gwenn and grandchildren, Mertin, Ted, Will and Dawn.

MCKNIGHT - In loving memory of a dear husband and father, Laurence McKnight, who passed away November 3, 1966. Beautiful memories are wonderful things. They last till the longest day. They never wear out, they never get lost. And can never be given away. To some you may be forgotten. To others, a part of the past; But to us who loved you and lost you, Your memory will always last. Sadly missed by wife and family.

Thank-You

We wish to thank everyone, our neighbours, friends, and relatives for the surprise party, also the gifts and cards on our forty-fifth anniversary. We enjoyed you all. Pauline and Gordon Neville.

A sincere thank you to all our friends, relatives and family for making our anniversary such a happy occasion. Your beautiful gifts, money, cards and good wishes made it a special event we will long remember. To all of you, "Many Thanks". Sine and Loretta Nesbitt.
